

## I. Summary of Business Results in August 2008

Monthly business results for August are as follows:

	07/08	08/03	08/08	Year-on-year Comparison (No.)	Change from 08/03 (No.)
Direct cash loans to customers (¥ mil)	1,397,626	1,195,328	1,113,422	-20.3%	-6.9%
Installment receivable (¥ mil)	582	557	567	-2.6%	1.8%
No. of loan customer accounts	2,088,768	1,833,316	1,753,656	-16.0%	-4.3%
No. of New customer accounts	14,244	5,805	8,097	-43.2%	39.5%
No. of branch offices *	1,612	1,500	1,498	(-114)	(-2)
Manned	360	360	357	(-3)	(-3)
Unmanned *	1,251	1,139	1,140	(-111)	(1)
Internet	1	1	1	(0)	(0)
No. of unmanned loan contract machines *	1,612	1,500	1,498	(-114)	(-2)

\*Including automatic quick loan application machines

## II. Report on Acquisition of Treasury Stock

In accordance with the board meeting resolution held on June 27, 2008, we would like to report the acquisition of treasury stock of 1,472,760 shares from August 1 to August 31, 2008. As of the end of August 2008, we acquired total number of 8,259,383 shares cumulatively ( 5.72% of all the issued stocks excluding treasury stock ).

Please refer to the news release of September 4, for details: Link to

[Report on Acquisition of Treasury Stock \( Acquisition of Treasury Stock in Conformity with Articles of Incorporation Regulated by Paragraph 2, Article 165 of Companies Act\)](#)

## III. Notice of Specific Purpose Loan

We regard that it is a mission of a non-banking firm to appropriately and lawfully respond financially sound customers' needs. Therefore we work on offering various products to meet customers' requirement. And as part of such corporate efforts, we reviewed existing Specific Purpose Loan with offering various interest rate from 5.0 %~14.6 %, maximum amount between Yen 300,000 to Yen 2,000,000 and delinquency charge of 20.0%. We are planning to strengthen our sales and marketing activities by supporting customers' individual requirement. Please refer to "Notice of Specific Purpose Loan" on our web site for further details:

<List of Products>

Product Name	Medical Loan (borrower・Family) ・ Nursing Care Loan ・ Renovation Loan ・ Home Acquisition Loan Childbirth Loan ・ Educational Loan (Parents) ・ Bridal Loan ・Relocation Loan ・ Primary industry Loan for agriculture, forestry and fishery
Interest	9.125%~14.6%
Product Name	Automobile Loan ・ License Loan ・ Motor Life loan ・Career Change Loan Pet Loan ・Beauty Loan ・Travel Loan
Interest	12.5%・14.6%
Product	Natural disaster Loan
Interest	5.0%

## IV. CSR Activities

### Plastic Bottle Cap Collection Campaign

In September 2007, we initiated a campaign to collect plastic bottle caps at our head office and at corporate apartments for employee and donate the caps to a nonprofit organization (NPO). The collected caps will be sent to recyclers by the NPO, the Ecocap Movement, and revenues from the recycled caps will be used to buy vaccinations for children in developing countries. We believe that this recycling will also reduce CO<sub>2</sub>.

As of middle of August 2008 from September 2007, we have collected 164,920 caps that enabled the purchase of vaccines for 206 children and reduced 1,299 kg- CO<sub>2</sub> emission by incineration of the wastes.

Based on our CSR philosophy “Earn the trust of people and communities and make positive contributions to society” under the slogan of starting with “What we can do”, we will strive to reciprocate the support we receive from local communities by engaging in social contribution activities and further promote CSR activities in order to express our gratitude.

#### \* Environmental Impact Indicators \*

Promoting the activities of environmental preservation, we have surveyed the indicators on environmental impact. Here we detail the energy consumption, such as electricity, gas and water, used by the Company’s head office building, and the gasoline used for the vehicles owned by branch offices as follows:

#### <Energy Consumption>

Source of Energy / Year	FY2007	FY2008
Electricity used at head office (kWh)	4,561,248	4,842,840
Gas used at head office (m <sup>3</sup> )	121,408	130,414
Water used at head office (m <sup>3</sup> )	15,635	16,694
Gasoline used for branch offices vehicles (t)	383,580	241,833

\* The conversion calculations for kg- CO<sub>2</sub> of electricity and gas used at the head office, and for gasoline used for branch offices vehicles are based on the CO<sub>2</sub> emission coefficient of the Ministerial Ordinance on Calculation of Greenhouse Gas Emissions emitted by specified emitters (March 2006, Ministry of Economy, Trade and Industry and Ministry of the Environment, Ordinance No.3). In the case of the kg- CO<sub>2</sub> conversion of water used, we used the list of calculation emission coefficients (updated in June 2006) provided by the Japan Center for Climate Change Actions (JCCCA).

\* Energy consumption of electricity, gas and water used at head office has increased because the number of employee at the site increased from 763 for FY2007 to 947 for FY2008. But on the other hand, energy consumption per head has decreased from 3,656.11kg to 3,130.94 kg. (-14.4%).

#### <CO<sub>2</sub> Emission Conversion Calculations> (Unit: kg – CO<sub>2</sub>)

Source of Energy / Year	FY2007	FY2008
Electricity used at head office	2,531,493	2,687,776
Gas used at head office	252,487	271,217
Water used at head office	5,629	6,010
Gasoline used for branch offices vehicles	890,542	561,454
Total	3,680,151	3,526,457

## BAMBOO NEWS

- The schedule for the final tournament of 2008V・Summer League

The final tournament of 2008V・Summer League will be held from Saturday , Sep. 20 through Sunday , 21 at Kasugai City Gymnasium in Aichi Pref., where top two teams from Eastern and Western division will rival each other for the Summer League Championship. Takefuji Bamboo got second place in the Eastern division at the preliminary match held on Friday, July 4 through Sunday, July 6 and advanced to the final tournament. Takefuji Bamboo will compete first match against Okayama Seagulls, top of Western division, second match against NEC Red- Rockets, top of Eastern division on Saturday, Sep. 20, and third match against Hisamitsu Springs, second of Western division, on Sep. 21 for the Championship. We are hopeful of winning with nice toss-work showed by Ms. Hirai who extracts young players’ spirit, Ms. Ishida and Ms Ishikawa big key players at the preliminary match after hard summer training. All the players of Takefuji Bamboo would like to extend power-up play. Please come and see games of Summer league final tournament and full exciting games cheering for Bamboo.
